Reservoir Adaptor Coupling Kit

This product can not be modified without the written approval of Tronair, Inc. Any modifications done without written approval voids all warranties and releases Tronair, Inc., its suppliers, distributors, employees, or financial institutions from any liability from consequences that may occur.

1.0 DESCRIPTION

This kit contains the Dash 8 Aeroquip coupling for servicing the aircraft reservoir along with adaptor fittings which the Dash 7 reservoir coupling can be installed. Also, included is a female quick disconnect which is to be installed on a #4 hose from the oil service unit.

2.0 PREPARATION FOR USE

1. Remove the Dash 7 coupling from the hand service unit and install the female coupling, Item 1, onto the hose.
2. Remove and discard plug, Item 8, and install the Dash 7 coupling in its place.

3.0 OPERATION

1. Pull back on outer edge of coupling, Item, 1, and remove dust plug, Item 2.
2. Remove dust cap, Item 3, from the coupling assembly to be used and insert into the coupling Item 1.
CHECK TO INSURE the outer ring on coupling, Item 1, is fully engaged.
